If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

The offer, though described as tentative, is said ment part in the great wall scaling to have been made by responsible paract, in which a fourteen-foot wall is ties. It has been stated that the offer to be negotiated by the Red Triangle is being seriously considered. However the other commissioners expressed themselves guardedly as seeing no reason why the city should accept such an offer, in view of the much better profit realized by the city from the park last year.

Receipts so far this year are said to have been unsatisfactory, and this because of the failure to open a casino building and other attractions, be cause of the unsatisfactory bids received.
